Notes: a. Estimated net electrical output

b. Estimated gross electrical output

c. Although a permit was issued on October 10, 2003, the permit did not become effective because a petition for review was filed with USEPA's Environmental Appeals Board. Following its review, On September 27, 2006, the Environmental Appeal's Board remanded the permit back to the Illinois EPA to further address a number of matters concerning this project and the permit issued in 2003.

Abbreviations:

R – Date application Received

I – Date permit Issued

E – Date permit Effective

.....T – Date permit Terminated

LISTING OF SIMPLE CYCLE TURBINE PROJECTS
