**UPDATES**

**MAY 2008...**

## *Available Material Listings*

**\*IM:A01/7142**

**Chromic Acid**

40% chromic acid concentrate, 3,600 gallons in 300 gallon totes available one time only, no amount restrictions, MSDS available.  
Urbana, IL

**\*IM:A01/7137**

**Hydrochloric Acid**

Available one time only reagent grade hydrochloric acid, packaged four, 5 gallon glass carboys must take all.  
Columbia, MO

**\*IM:A01/7146**

**Pickle Liquor**

Spent pickle liquor acid (ferrous chloride, ferric chloride) in bulk liquid form, 25 to 30,000 gallons per month, reuse potential wastewater treatment (phosphorous) or regeneration, sample and lab analysis on request.  
Elburn, IL

**\*IM:A01/7139**

**Formic Acid**

90% technical grade, formic acid, one-30 gallon drum available one time only, must take full supply.  
Columbia, MO

**\*IM:A02/7149**

**Soap**

Very concentrated soap, mixture of raw based soap used for shampoos, laundry, and dish soaps, this is from remaining heels from tank trailers needing to be washed out to reload, thirty - 275 gallon totes available, sample and MSDS available.

Latex from remaining heels from tank trailers needing to be washed out to reload, five - 275 gallon totes available now, 275 gallons available weekly, no amount restriction, sample and MSDS available.  
Kankakee, IL

**\*IM:A07/7150**

**Polyurethane Foam**

Polyurethane foam in various sizes, one ton on pallets now available, generates approximately one ton per month, no amount restrictions.  
Wood Dale, IL

**\*IM:A07/7148**

**Neutron Shielding**

Polyethylene neutron shielding, was needed for an experiment, 5% boron content, 20,000 pounds available one time only, sample on request.  
Lemont, IL

**\*IM:A07/7135**

**Polypropylene**

First run industrial reground polypropylene baby bottles, never used, cap was yellow - bottle neutral, 28 melt 100,000 pounds, possible 10,000 per quarter, yellow and neutral ground together in gaylords boxes, sample available.  
McHenry, IL

**\*IM:A09/7152**

**Paper Dust**

Waste paper collection system generated paper dust, from approximately 84% printed paper, 8% white paper and 8% cardboard, very fine dust, 2.2 tons continuous 1-2 times per month, no amount restrictions, sample on request.  
Mattoon, IL

**\*IM:A10/7140**

**Manganese Phosphate Solids**

Built up manganese phosphate solids can be broken down for manganese recycling, 5 tons in drums now, 600 pounds per year, sample and MSDS available.  
Atkinson, IL

**\*IM:A11/7141**

**Anthracite Coal**

25 - one ton bags of unused anthracite filter media stored at water treatment facility, originally purchased to conform to AWWA Standard B-100 for Filter Media. Stored outside 1-5 years so deterioration of polyethylene bags and media has occurred, available one time only, sample and MSDS available.

Springfield, MO

**IM:A11/7144**

**Carbon Black**

Used carbon black from furnace operations, non-hazardous, 60 tons per year in drums, monthly quantities vary based on manufacturing schedule, sample and lab analysis available.

Santa Fe Springs, Ca

**\*IM:A11/7145**

**Cullet Glass**

Soda lime glass cullet resulting from a RCRA permitting lamp recycling facility, glass meets TCLP regulation for reuse < .025, in roll off 10 tons, sample and lab analysis available.

Ingleside, IL

**\*IM:A11/7147**

**Shot Blast Residue**

Residue and overspray of non-silica shot blast material used to prepare metal surface prior to painting or coating, 40 to 50 tons per month, sample and MSDS on request.

Elburn, IL

**\*IM:A11/7143**

**Laminated Plate Glass**

78,000 SF of laminated plate glass was used for windows in various sizes ranging from 3' X 5' to 5' X 13', some larger, 117 tons.

Naperville, IL

***Wanted Material Listing***

**IM:W07/7136**

**Co-Mingled Plastics**

Wanted to purchase any form or size of post industrial, post commercial plastic co-mingled with metal.

Marion, IN
