

NOTICE OF PUBLIC MEETING

Lake Bloomington Watershed (McLean County)

The Illinois Environmental Protection Agency (IEPA) Bureau of Water
will hold a public meeting on

Monday, May 12, 2008 (6:00 pm)

at the

**Davis Lodge
(at Lake Bloomington)
Bloomington, Illinois**

The purpose of this meeting is to provide an opportunity for the public to comment on the proposed Total Maximum Daily Load (TMDL) Implementation Plan for Lake Bloomington watershed. This Implementation Plan details the recommendations for reducing total pollutant loads that are necessary for meeting the approved TMDL for this watershed.

The IEPA implements the TMDL program in accordance with Section 303(d) of the federal Clean Water Act. A TMDL is the sum of the allowable amounts of a single pollutant (phosphorus, metals, etc.) that a waterbody can receive from all contributing sources and still meet water quality standards or designated uses.

The draft Lake Bloomington watershed Implementation Plan will be available on-line at www.epa.state.il.us/public-notice. The approved Lake Bloomington watershed TMDL report is available online at www.epa.state.il.us/water/tmdl/report-status.html.

A hard copy of the draft Implementation Plan will also be available by request from the Illinois EPA or may be found at the Bloomington Public Library and the McLean County Soil and Water Conservation District office during business hours.

Questions about the TMDL should be directed to Dean Studer (see contact information below).

Closure of the Meeting Record

The meeting record will close as of midnight, June 12, 2008. Written comments need not be notarized but must be postmarked before midnight and mailed to:

Dean Studer, Supervisor
