

**Safety-Kleen Systems, Inc.**  
**Public Notice of Hazardous Waste Management Permit**

The Illinois Environmental Protection Agency (Illinois EPA) and the U. S.EPA hereby give notice of their intent to renew a Resource Conservation and Recovery Act (RCRA) permit held by the Safety-Kleen Systems, Inc. of Caseyville, Illinois for hazardous waste storage activities at their Caseyville Safety-Kleen Service Center. The facility's mailing address is 20 Tucker Drive, Caseyville. Safety-Kleen is currently operating under the terms of its previous RCRA permit.

Interested citizens are invited to review copies of the permit application, draft permit decision and related fact sheets at the following location:

Caseyville Public Library  
419 S. 2<sup>nd</sup> St.  
Caseyville, IL 62232  
(Call 618-345-5848 for Library hours)

Interested citizens may submit written comments on the permit decision documents during the 45-day comment period. Send comments on the Illinois EPA portion of the draft permit to the Public Involvement Coordinator listed at the end of this Notice; send comments on the U.S. EPA portion of the draft permit to the U.S. EPA contact listed at the end of this Notice. Comments must be postmarked by midnight March 13, 2008. In response to public requests or at the discretion of the Agencies, a public hearing can be held to clarify one or more issues concerning the draft permit decision. A request for a public hearing must be made in writing and must state the nature of the issue(s) to be raised at the hearing. Written requests should be sent to the Illinois EPA Public Involvement Coordinator listed below. Public notice will be issued 45 days before any hearing.

All comments submitted will become part of the Administrative Record and will be evaluated by the Agencies in making the final permit decision. The Agencies will respond to comments on the draft permit decision, and indicate whether additional documents have been included in the Administrative Record. Anyone who submits written comments will be notified of the final permit decision and the permit decision appeal process.

The Illinois EPA is authorized to administer the RCRA program in Illinois. Amendments to RCRA, among other things, require facilities seeking a permit to perform corrective actions for

any past releases of hazardous constituents. Illinois EPA welcomes information from the public that describes any such releases. U.S. EPA retains authority for administering certain portions of the regulations including those that are newly promulgated.

The permit application, draft permit decision, related information and all data submitted by the applicant, as part of the Administrative Record, are now available for public inspection by appointment only Monday through Friday between 9:00 a.m. and 5:00 p.m. Please telephone the Coordinator identified below for an appointment to view the documents at Illinois EPA's offices in Springfield. Please provide comments on the Illinois EPA portion of the draft permit directly to:
