

December 2, 2009

FINAL DECISION NOTICE

The Illinois Environmental Protection Agency and U.S. EPA provide notice pursuant to 35 Ill. Admin. Code 705.201(c) and 40 CFR 124.15, that a final RCRA hazardous waste management permit was renewed for Veolia ES Technical Solutions on December 2, 2009.

The applicant and any person who filed comment on the draft permit or participated in the public hearing may petition the Illinois Pollution Control Board to contest the Illinois EPA permit decision pursuant to 35 Ill. Adm. Code 705.212. The U.S. EPA portion of the permit may be appealed to the Environmental Appeals Board pursuant to 40 CFR 124.19(a). The deadline to appeal both the Illinois EPA permit decision and the U.S. EPA permit decision is January 6, 2009.

The Agencies have prepared a Response Summary to address significant public comments received during two separate comment periods, held in 2003 and 2008, and during a 2003 public hearing. This document and its attachments, including comments by the facility and the Agencies' responses, are available on-line at: <http://www.epa.state.il.us/public-notices/2008/general-notices.html#veolia>

For additional information on the permit appeal process or to receive a paper copy of the RCRA permit decision or the Agencies' Response Summary, please contact:
