Financial Information Requirements

Prior to issuance of a loan agreement, the applicant must demonstrate to the Agency that it possesses the necessary technical, legal, financial, managerial and institutional capability to construct, operate and maintain the project for the life of the facility and to retire the loan in accordance with the schedule to be contained in the loan agreement. The applicant must provide sufficient information for the Agency to determine that the applicant is financially capable and has pledged a dedicated revenue source that is adequate to retire the debt and meet any covenants and requirements in the loan agreement. The applicant also must demonstrate that an Operation, Maintenance and Replacement (OM&R) Revenue System has been developed that generates adequate revenues to cover OM&R costs. This can be accomplished by the development and the enactment of a new OM&R Revenue System or the demonstration that a system previously approved by the Agency has been adequately maintained, is being enforced, and will continue to produce adequate revenues.

In order to provide guidance to potential loan recipients, this brief summary of the loan rules, review procedures, and the information that must be submitted for the Agency's review is being provided along with the attached checklist.

Financial Capability

The Agency requires that the applicant demonstrate that it has the legal, financial, managerial and institutional capability to construct, operate and maintain the project for the life of the public water supply facilities and to retire the loan. The applicant must also demonstrate the ability to meet any covenants contained in the loan agreement.

The Agency's review will be conducted using items submitted as part of the loan application including our review of the Dedicated Source of Revenue and the OM&R Revenue System. In addition, applicants must furnish the last fiscal year's audited financial statements. If we are unable to determine that the applicant is financially capable, the Agency may require additional financial data be submitted.

Dedicated Source of Revenue

The Agency requires that a specific source(s) of revenue must be dedicated and pledged to make the loan repayments. Prior to the Agency's approval of the dedicated source of revenue, the applicant must demonstrate that the revenue source will generate adequate revenues to make loan repayments for the term of the loan. The term of the loan will be specified in the loan agreement but shall not exceed 20 years from the initiation of operation date contained in the loan agreement. Additional points that must be considered during the development of the dedicated source of revenue are:

- The dedicated source of revenue is usually pledged by the loan applicant in the form of an adopted ordinance that pledges a specific and dedicated source of revenue for repayment of the loan. The adopted ordinance will in

most cases pledge a very stable source of revenue, such as revenues of the system, in the form of a revenue bond. General obligation and alternate bond ordinances are also acceptable.

- In the case of revenue bonds, the Agency requires that debt service coverage requirements for the IEPA loan be equal to any outstanding senior debt that is payable from revenues of the system. If a water service charge is used, the water rate and rate ordinance must be adopted prior to the first disbursement. State law requires a 1.25 x coverage test for alternate bonds, and parity revenue bonds must also meet the covenants made to outstanding investors.
- The Agency requires that the applicant furnish a legal opinion concerning the acceptability of the ordinance and other elements of the debt instrument selected for repayment of the loan. This opinion must address the validity and enforceability of the loan recipient's obligations and the absence of conflicts with other agreements, bonds or ordinances. Retention of bond counsel is optional.

OM&R Revenue System

The applicant's OM&R Revenue System must generate adequate revenues to cover OM&R costs.

If the applicant has a previously approved OM&R Revenue System, the Agency will review the system to ascertain that the system was enacted and has been maintained in accordance with the previous approval and will produce adequate revenues.

The Act goes on to explain that the title shall not be construed to authorize action with respect to any employment practice of any employer, employment agency, or labor organization (except where the primary objective of the Federal financial assistance is to provide employment).

Section 13 of the 1972 Amendments to the Federal Water Pollution Control Act provides that no person in the United States shall on the grounds of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under the Federal Water Pollution Control Act, as amended. Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified handicapped individual shall solely by reason of handicap be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. Employment discrimination on the basis of handicap is prohibited in all such programs or activities.

Employment discrimination is not covered. Age discrimination in employment is prohibited by the Age Discrimination in Employment Act administered by the Equal Employment Opportunity Commission.

Title IX of the Education Amendments of 1972 provides that no person on the basis of sex shall be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Employment discrimination on the basis of sex is prohibited in all such education program or activities. - II. Self-Explanatory.
- III. “Civil rights lawsuits” means any lawsuit or complaint alleging discrimination on the basis of race, color, national origin, sex, age, or handicap pending against the applicant and/or entity, which actually benefits from the grant. For example, if a city is named the applicant but the grant will actually benefit the Department of Sewage, civil rights lawsuits involving both the city and the Department of Sewage should be listed.
- IV. “Civil rights compliance review” means any review assessing the applicant’s and/or recipient’s compliance with laws prohibiting discrimination on the basis of race, color, national origin, sex, age or handicap. If any part of the review covered the entity, which will actually benefit from the grant, it should be listed.

In the event that applicant cannot provide the requested information

because the funds will be distributed over a wide demographic area, which is yet to be determined, an explanation may be provided on a separate sheet.
