Westridge Dairy

Facility Location and Directions

Address 2114 Ames Rd.
City, State, Zip Red Bud IL 62278
Facility Phone (618) 282-3002
Facility Fax # (618) 382-6914

Plat Location of Facility

County Monroe
Township Precint 9
Township # 4S
Range 9W
Section 25
FSA Number 3699

Directions from Nearest Post Office From the Rose Bud, IL post office travel north on IL Rt 3 (Great River Road) and follow west 2 1/2 miles. When road starts to curve, turn left onto Old IL Rt 3 and travel 1/2 mile. Turn left (south) on Ames road and travel 4.1 miles. The farm is on the left (east) side of the road.

Certified Livestock Manager Responsibilities

1. Achieve certification with the Illinois Department of Agriculture as a Certified Livestock Manager for a facility of greater than 1,000 animal units but less than 5,000 animal units.
2. To Maintain and update Waste Management Plan annually.
3. Review the Waste Management Plan with the owner/operator:
 - a. When any change in the waste management practices of this facility change.
 - b. When a major change occurs in the nutritional needs or feeding practices of the facility than may change the nutrient content of the waste.
 - c. Prior to the spring and fall land application periods.
4. Review the Waste Management Plan with waste application field operator(s):
 - a. To document nutrient content of waste
 - b. To review the planned application fields
 - c. Review the provisions for each application field
 - d. Document yield goals
 - e. Review target application rates
 - f. Review calibration methods for application equipment
5. Direct sampling and integrity of livestock waste from each waste storage structure for nutrient analysis at a laboratory.

Procedure for Reporting Livestock Waste Releases and Containment Plan

Livestock Waste Release Definition

A release of 25 gallons of livestock waste released into the environment for either a livestock waste handling facility or from the transportation of livestock waste. A controlled or recovered release during field application need not be reported as long as the unrecovered portion of the release does not exceed 25 gallons.

1st Notification of Release

Initial notification should be made of a release by calling the Illinois Emergency Management Agency (IEMA) within 24 hours of the discovery of the release. This emergency notification line is available 24 hours per day. The numbers that they can be reached at are:

**IEMA 1-800-782-7860
or
1-217-782-7860**

Information needed when reporting a release:

- 1. Location of release**
- 2. Amount of release**
- 3. Apparent environmental impacts of the release**
- 4. Action taken to contain or mitigate the release**

2nd Notification of Release

Within 5 days of the initial telephone release reporting, a written notification (2 following pages) is due the Illinois Environmental Protection Agency. Their address and fax number are:

**IEPA Illinois EPA
Bureau of Water, Compliance Assurance Section
P.O. Box 19276
Springfield, IL 62794-9276
or
Fax 217-557-1407**

Written Release Report Form

Submit to Illinois EPA within 5 days of release discovery

Name of Person Reporting Release: _____

Telephone Number: _____

Release Source: _____

County (where release occurred): _____

Date and Time Release Began: _____

Duration of Release: _____

Cause of Release: _____

Legal Description of Release (down to 1/4 Section): _____

Distance from nearest town, village or municipality: _____

Estimated Quantity that was released and the flow rate if the release is ongoing:

Quantity _____ Gallons\Tons Flow Rate _____ Gallons/Day

Circle appropriate area(s) into which release occurred:

Field

Ditch

Stream

Other (Describe): _____

Estimated Release Extent:

_____ Sq. Ft. _____ Sq. Yd. _____ Acres

What are the apparent environmental impacts of the release?

Contact Person for Additional Information:

Name: _____

Telephone Number: _____

Describe any dangers to health or the environment resulting from the release.

Describe all actions taken to respond to, contain and mitigate the release.
