

MCCF-1
143.1

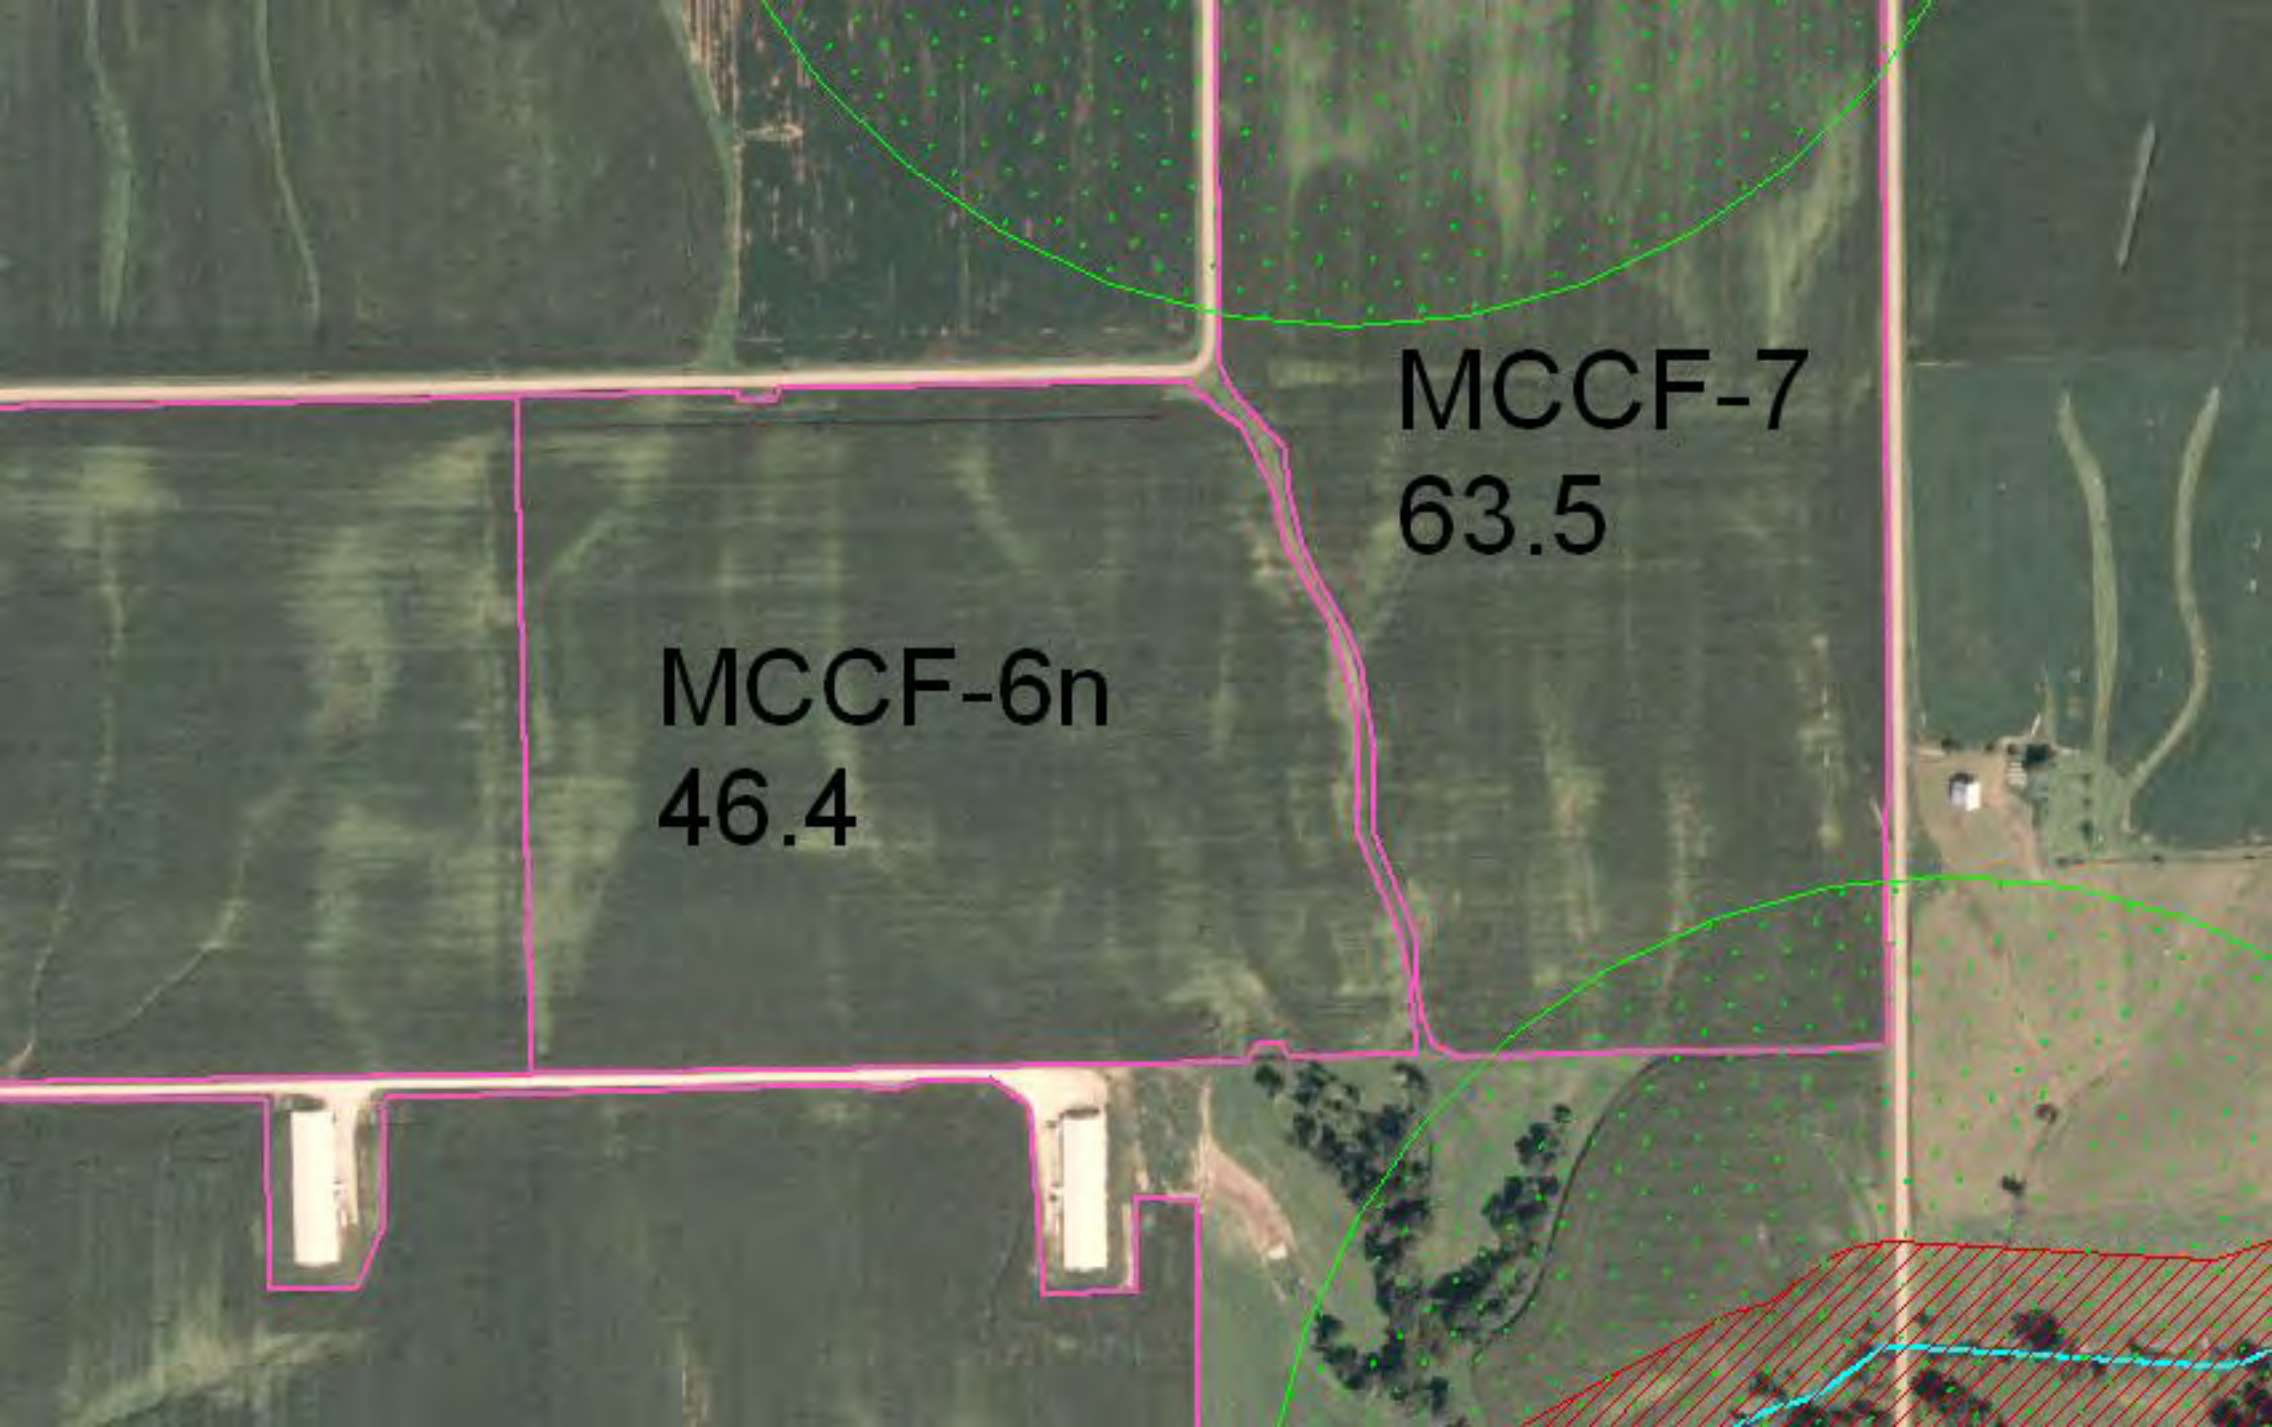

This is an aerial photograph overlaid with a map. A large area is outlined in pink, and a smaller area within it is highlighted in orange. Green dots are scattered across the map, with a higher concentration in the orange area. A green circle is drawn around a portion of the map. The text 'MCCF-1' and '143.1' is displayed in the center-right. A label 'Hi- Phos area' is in a white box on the orange area.

Hi- Phos area

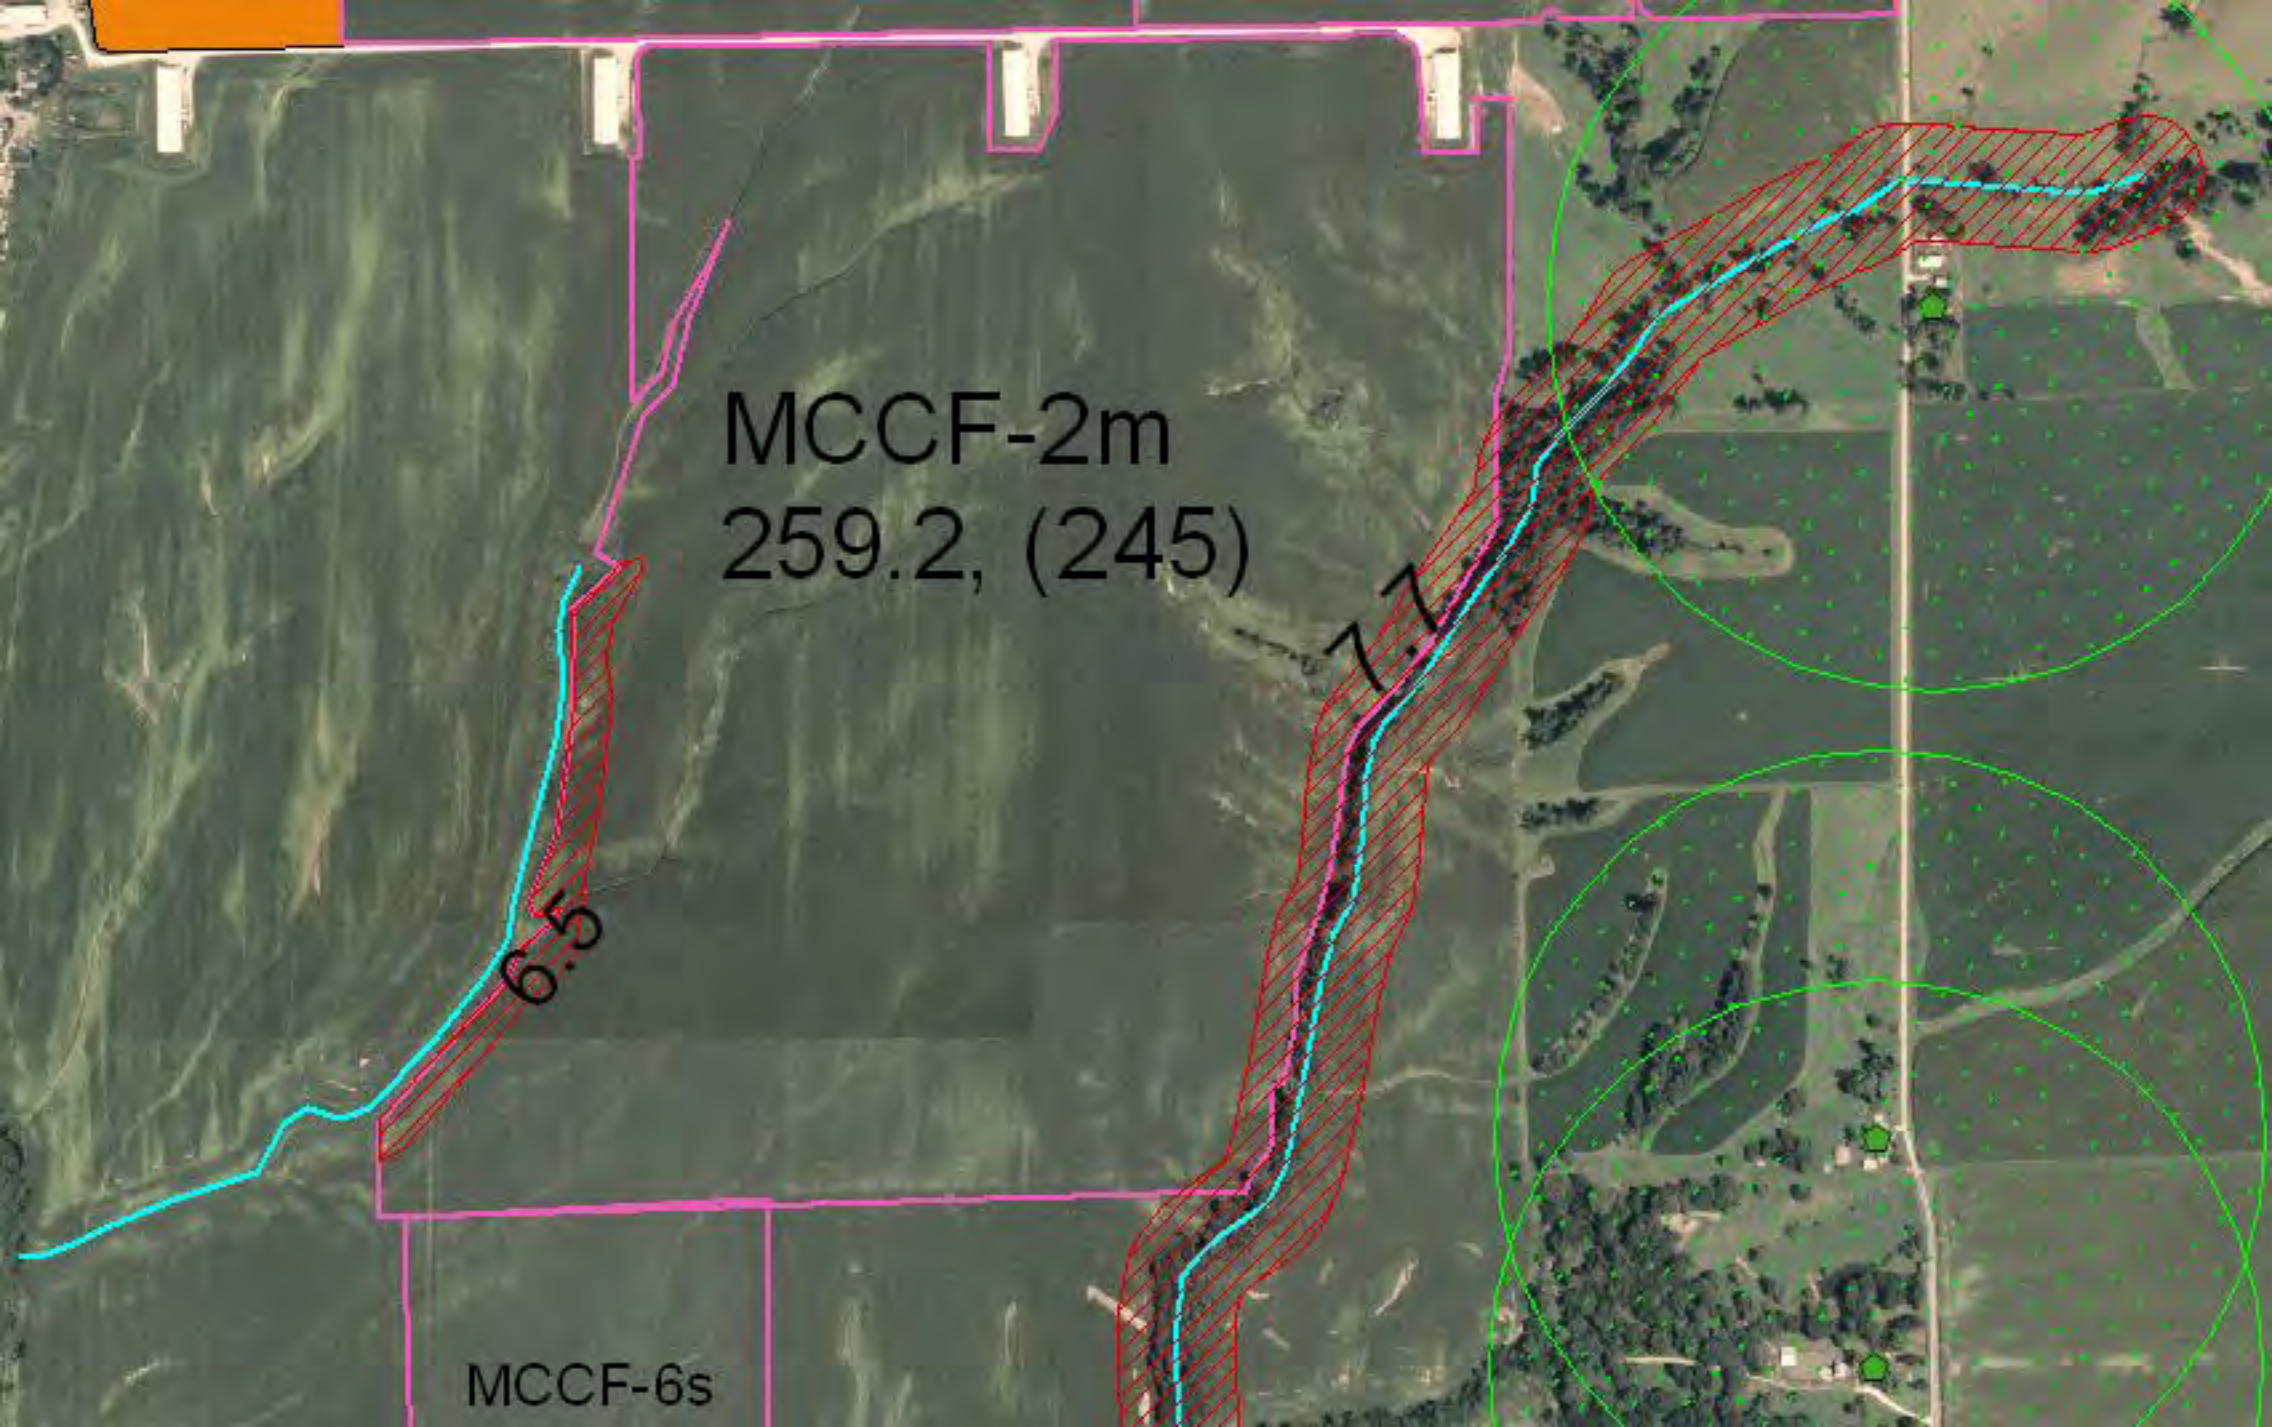

MCCF-6s
55.0

This is an aerial photograph of a landscape, likely a river valley or floodplain, with several technical overlays. A magenta rectangular boundary is centered in the upper half of the image, containing the text 'MCCF-6s' and '55.0'. To the right, a cyan line follows a winding path, possibly a river or road, which is enclosed by a red hatched buffer zone. In the lower portion of the image, two large green circles are drawn, each filled with a grid of small green dots. The background shows a mix of green vegetation and brownish, possibly bare or flooded, ground.

MCCF-2m
259.2, (245)

This is an aerial photograph of a landscape, likely a golf course, with various green areas and paths. Overlaid on the image are several technical annotations. A magenta line outlines a large rectangular area in the upper left. A cyan line follows a path through the landscape, with a red hatched buffer zone around it. Three black numbers (6.5, 7.1, 7.1) are placed along this path. In the bottom left, the text 'MCCF-6s' is visible. In the bottom right, there are three overlapping green circles. The top left corner has an orange rectangle. The central text 'MCCF-2m' and '259.2, (245)' is prominently displayed.
