

NOTES TO REVIEWERS

MWWSH

Manure and waste water are contained in either the existing earthen storage or concrete holding tank. Solid manure is kept in bed packs or stacking areas. All waste is contained at the site.

Land Treatment

Land Treatment portion of this plan developed by Jo Daviess County NRCS.

Nutrient Management

It is recommended that the facility update all soil tests for all farms on a 3 year basis. Soil samples should be taken on 2.5 acre grids.
