

INDEX

PLANNING DOCUMENTATION	
Section 1	MANAGEMENT PLANS Manure Management Plan Stormwater Pollution Prevention Plan Odor & Runoff Control Plan Sludge Removal Plan Temporary Storage Basin Future Use Plan
Section 2	Farm Overview (Farm Pictures, Plat maps, USGS Topo maps)
Section 3	Emergency Response Plan
Section 4	Manure and Wastewater Handling and Storage NPDES Permit Form 1 NPDES Permit Form 2B MSI Animal Manure Spreadsheet
Section 5	Land Treatment Practices
Section 6	Cost and Quantities for Proposed Practices
Section 7	Nutrient Management Fields and Yields MSI Nutrient Management Plan Spreadsheet Illinois Phosphorus Risk Assessment Procedure Illinois Nitrogen Risk Assessment Procedure
Section 8	Amendments/Changes/RECORDS

APPENDICES -- GUIDANCE AND REFERENCE INFORMATION

Appendix A	Maps Aerial Maps FSA Maps Soils Maps
Appendix B	Soil Testing Procedures Soil Test Results
Appendix C	Manure Analysis/Sampling Procedures Manure Analysis Results
Appendix D	Application Equipment Calibration
Appendix E	Record Keeping Forms Illinois Manure Management Planner Forms
Appendix F	Feed Management (Optional if Needed)
Appendix G	Guidance Information Air Quality and Pathogen Management Considerations Winter Application Manure Application on Steep Fields Manure Application on Fields Subject to Flooding General Liquid Manure Applications Liquid Manure Application – Tile Drained Fields Manure Application on Fields with “Systematic Surface Drainage” Minimum Ground Cover for Manure Applications
Appendix H	Other Utilization Components (Optional if Needed)
Appendix I	Available Water Capacity (AWC) Practical Soil Moisture Interpretations for Various Soils Textures and Conditions to Determine Liquid Waste Volume Applications Not to Exceed AWC
