

**NPDES Permit No. ILG840196**

**Special Conditions**

**Construction Authorization**

The facility is an existing, approximately 210 acre sand quarry, designated as Madison County Sand, LLC, Collinsville, located in Section 17 and 18, Township 3N, Range 8W of the 3rd P.M. in Madison County, Illinois near Collinsville. Mining operations include the dredging, screening, and storage of sand deposits. Mine operations include the removal and stockpiling of overburden for later use in reclamation. Process water and stormwater are routed to the on-site settling pit. Mine operations result in the discharge of stormwater and process washwater from outfall 001 at an average discharge rate of 0.55 MGD to an unnamed tributary of the Cahokia Creek Canal.

Storm Water Pollution Prevention Plan: Authorization is hereby granted to construct treatment works and related equipment that may be required by the Storm Water Pollution Prevention Plan developed pursuant to this permit. Discharging sedimentation ponds are not covered under the Storm Water Pollution Prevention Plan authorization, unless they discharge to a non-coal outfall specifically identified in a construction authorization under this permit.

This Authorization is issued subject to the following condition(s).

- a. If any statement or representation is found to be incorrect, this authorization may be revoked and the permittee thereupon waives all rights thereunder.
- b. Plans and specifications of all treatment equipment being included as a part of the storm water management practice shall be included in the SWPPP.
- c. Any modification of or deviation from the plans and specifications in the initial SWPPP requires amendment of the SWPPP.
- d. Construction activities which result from treatment equipment installation, including clearing, grading and excavation activities which result in the disturbance of land area must meet the conditions of this permit.
